

A Solution for all your online recruitment needs

Sprint provides an extensive suite of functionality, managing the full lifecycle of the online recruitment process. Our modular solution can be tailored to meet each client's needs including:

- Permanent Recruitment, Temporary Staff & Contractor Management
- Talent Relationship Management using the Client Talent Bank
- Transparent and auditable recruitment process from beginning to end
- Supplier and Talent satisfaction surveys
- Detailed and configurable Information Management Reporting
- Integration with external HR Systems

Sprint manages every part of the recruitment process, from job posting, through candidate application, screening and selection, and agency management, to management information reporting and HR system integration.

Sprint provides support for all sources of online applications including integration with the clients' corporate Web site or managing a dedicated HR micro-site.

Sprint enables you to build your own Talent Bank, helping you identify and retain individuals with real potential.

In-depth reporting for all aspects of the recruitment process is always available, with specific reporting against KPIs.
